

Minerva Engineering Wins Major Small Business Contract Hanover, MD – April 7, 2017

Minerva Engineering announced today that it has won a competitive award supporting the Department of Defense.

This award is a five-year multi-award IDIQ contract has a ceiling of \$800,000,000 and will require Minerva Engineering to perform a very broad range of functions providing essential technical and non-technical services across five service categories:

- Business;
- Engineering;
- Information Technology;
- Operations, and
- Training Support

This contract will provide the Department of Defense with a flexible means of contracting to meet needs quickly, efficiently and cost effectively. All work on this contract will be performed at government and Minerva Engineering locations worldwide.

Minerva Engineering, a Department of Defense Nunn-Perry Award winner, is a certified Service-Disabled Veteran-Owned Small Business (SDVOSB) providing information security products and services that support defense-in-depth strategies featuring technologies and processes to harden, defend and secure complex systems for the Intelligence Community, Department of Defense and other federal agencies.

Minerva Engineering, an Equal Opportunity Employer with a robust benefits program, is headquartered in Hanover, MD and is hiring for a large variety of open positions. For more information, visit www.minervaengineering.com.
